The Charities:

Proceeds benefit:

Matheny is a special hospital for children and adults with medically complex developmental disabilities . . . a special education school providing academics, combined with functional life skills, for students, ages 3-21 . . . and a comprehensive outpatient center meeting the health care needs of people with all types of disabilities in the community. Matheny also trains healthcare professionals, therapists and educators in how to work effectively with persons who have developmental disabilities.

Matheny's main campus in Peapack, NJ, is home to 101 children and adults with developmental disabilities. Its five group homes, located in Somerset and Warren counties, provide a residence in the community for an additional 30 adults. Many of the children and adults currently at Matheny, in addition to their primary diagnoses, have a long list of associated clinical conditions such as vision and hearing deficits, seizure disorders, mental retardation and dysphagia, with resulting aspiration problems.
